Hi Phillip,

Brother Carl and I went yesterday evening (Monday) to Brother Henkel's home to give him a blessing. We talked with him and Sister Henkel for about an hour before the blessing. It was an enjoyable time. He talked about the priest quorum a lot and of his experiences over the years with the priests. We talked about Weston and the concerns Brother Cole has about Weston. You might be able to give Weston a nudge in the "mission" direction if you have some time. Here is his address:

Weston Cole
3 Norway Dr.
Brookline, NH 03033

Brother Henkel was quite nervous about the upcoming surgery. However, after the blessing he was full of confidence. Brother Carl said that before the blessing he had no clue what he would say. I annointed and Bro. Carl sealed the annointing. The words to say filled his mind and he gave a short but powerful blessing. It eased Bro. Henkel's mind very much.

Brother Henkel said he had been thinking a lot about Stanford during the day yesterday considering Stanford a hero, someone with courage and strength, whose example he wanted to follow.

Anyway... back to work now (1:27 PM). More later.

Love you,

Dad
